

MAWAPSP at Bob Hawke College

The MAWA Gauss BHC class will be held in building 4 first floor room number 4.119.

The arrangements for students arriving will be to enter through the open gate on Coghlan Road and then enter the building through the door to the left – at the end of building 4 – which will take them straight up some stairs to level 1. This will bring them to room 4.119, which will face them at the top of the stairs. Lift access is available if there are any students that require it at the other end of building 4.

There is limited parking on Roberts Road and Coghlan Road and more parking around the corner on Subiaco Road. There is paid parking on the Western side of Subiaco Oval if there are no other spots available.

West Leederville train station is very close (2-3min walk); that is another option for getting there.

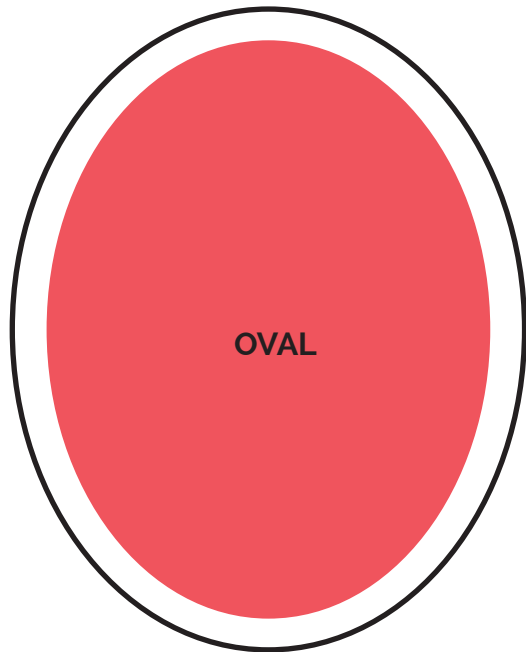

See the next page for a map of the school.
