

INDEX

1. What is CALCULUS ?

2. Radian Measure

3. Radicals (Surds)

4. Indices

5. Sequences

6. Series

7. Identities

8. Functions

9. Inverse Functions

10. Limits

11. Gradients as slopes

12. Quadratics

13. Trig. Functions – an Overview

14. Sine Function

15. Cosine Function

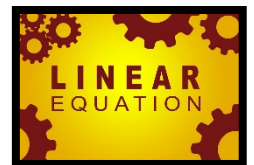

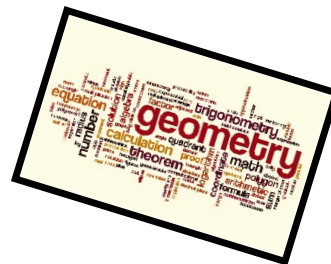

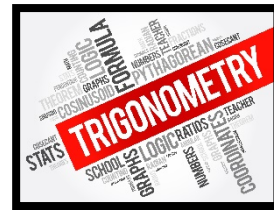

16. Tangent Function

17. Logarithms – an Overview

18. The Natural Logarithmic Function

19. The Exponential function

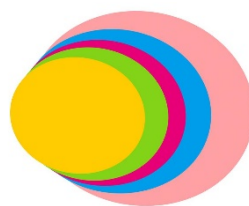

20. The Derivative – an Overview

14. Sine Function

15. Cosine Function

16. Tangent Function

17. Logarithms – an Overview

18. The Natural Logarithmic Function

19. The Exponential function

20. The Derivative – an Overview
